

① tablet + ① signature = ① simple solution to invoice and delivery admin

RECEIVING AN EPOD DELIVERY ON YOUR SITE

When our driver arrives at your site, they will confirm the site is safe for them to proceed with the delivery.

The driver will record if there was any extra mileage to reach the destination.

In the cases of Ready Mix deliveries, the driver will need to record if a conveyor is being used.

The Tarmac driver will hand the device to you and ask you to review the details of the delivery.

Please review and sign for the delivery.

First and last name are required.

Please ensure your signature is clear and fills the signature box.

The driver will now proceed with your delivery.

In some cases your driver will ask for a second signature.

You will be asked for a second signature in the following cases:-

- Time on site over 30 minutes
- Returned material
- Factors affecting material specification OR Water Additions

You can see what you are signing for on the screen

You can rate your delivery at any of the signature screens
